

Royal Conservatoire Dance Ensemble

Direction: Jan Linkens

In addition to the Bachelor Dance, the Royal Conservatoire offers students to take part in the Royal Conservatoire Dance Ensemble, to gain experience in performing classical and modern repertoire and working with different choreographers.

Over the year the students take part in:

- Young Talent Project, the yearly joined project with Nederlands Dans Theater (NDT)
- A series of performances in different theatres/venues in the Netherlands and abroad
- Studio presentations and final performances at the school's Kees van Baaren Hall

Romantic Repertoire like Giselle, Swan Lake, Sleeping Beauty and neo-classical ballets by Balanchine, Robbins, combined with works from Hans van Manen, Jiří Kylián, Nils Christie, Johan Inger, Crystal Pite, Jiří Pokorný, Sol León & Paul Lightfoot, Lukas Timulak, Maurice Causey and others are part of the curriculum. It gives the students the opportunity to develop into an all-round dancer in classical and modern repertoire.

In 2021 the Dance Department moves to the Education and Culture Complex, where NDT, the Royal Conservatoire, Residentie Orkest and the Dance and Music Centre The Hague will be housed under the same roof.
